

The NORTHEAST ORGANIC FARMING ASSOCIATION OF VERMONT

Our Mission

The Northeast Organic Farming Association of Vermont is a nonprofit association of farmers, gardeners, and consumers working to promote an economically viable and ecologically sound Vermont food system for the benefit of current and future generations.

NOFA Vermont in a Nutshell

NOFA-VT is best known for its on-farm Summer Workshop Series, inspiring and educational Winter Conference, technical assistance for organic farmers, the Farm Share Program (which subsidizes CSA shares for low-income Vermonters), technical assistance to farmers' markets, and farm-to-school activities that bring agricultural education and nutritious local food to kids. Vermont Organic Farms, LLC, is the branch of NOFA-VT that certifies organic farms to the National Organic Program standards.

What you can do to help us!

Your member work with NOFA-VT supports all these important programs. We are hoping to find a few dedicated volunteers to come to our Richmond office during business hours (8:30am - 5pm) to help with administrative tasks and projects. These may include:

- Labeling mailings
- Updating our online events calendar
- Updating our e-mailing lists
- Data entry
